## School Profile

Clermont State School is a Prep to Year7 school, situated in Queensland's Central Highlands. Our mission, 'Preparing students to be confident individuals in a changing society' together with our values, 'doing your best, fair go, responsibility and friendship' underpin school programs and operations. Curriculum programs focus on Essential Learnings within KLAs and are organized around English and Mathematics.

Distinctive features of our curriculum include a whole-school approach to the integration of information and communication technologies, use of digital technologies and eLearning in all class programs, early intervention/support programs, instrumental music program as well as a range of arts and sporting opportunities. Teachers' commitment to the personal, all-round development of their students is evident through a high level of involvement in a variety of activities and programs. The school is an active part of our local rural community, participating in local events and competitions. The value of parents' role in education is well recognised at Clermont State School. Parents are encouraged to become actively involved in the school, both in the classrooms and through our small but active Parents and Citizens Association

How Information and Communication Technologies are used to assist learning

We, at Clermont State School, are at the forefront of ICT integration into the whole school curriculum. We have installed Interactive Whiteboards into each teaching space and these are now a seamless part of the everyday classroom activity. Our whole school approach to integrating computers into our day to day teaching is heavily emphasised in the teachers' planning. The following are examples of the way the teachers use these resources:

- Accessing quality curriculum content via the school intranet.
- Multimedia capabilities through movie making and animation software, podcasting using MP3players.
- Game making.
- Learning Objects for all curriculum areas.
- Collaborative projects such as Travel Buddies and Black Board sites.
- Accessing quality online resources and tools through the Learning Place and Curriculum Exchange.
- Girls Computer club.
- Wireless Laptop classroom encouraging alternative learning styles.

Introduction of alternative hardware products to extend and support student learning

## Involving parents in their child's education

Parents are involved in classroom activities, including reading and maths groups and are also called upon to share special interest or professional experiences with students and staff. P&C is actively engaged in policy decisions, fundraising and offers sound advice on community issues.

In 2013, a range of parent PD opportunities were offered to community in an endeavour to help parents feel part of the educational process at the school. It also gave parents the skills required to help their child at home and during class activities where parent helpers have been invited to help out.

## Reducing the school's environmental footprint

Staff have been encouraged to switch air conditioners on early in the day during Summer months and not to use them during Winter months. Staff and students have been involved in water wise discussion to help reduce the consumption of water at school

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	87,097	78
2011-2012	132,624	78
2012-2013	132,066	4,290

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

# Performance of our students

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

The process used to manage student attendance at Clermont State School is as follows:

- o Rolls are marked twice during the day, at the beginning of the school day and again at the beginning the final session.
- o If a student is away three consecutive days their classroom teacher makes contact with the family to ascertain why the student has been away. This contact is recorded in One School. If there are further absences that are forming a pattern or are concerning to the teacher they then inform the Principal to make contact with the family to organise a meeting to discuss the issue concerning the student's attendance. If there is a continuation of non-attendance then Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036.
- o If a student is absent, parents need to send a note or call the school to explain why their child is away.

## Achievement – Closing the Gap

At Clermont State School we are actively focusing on the improvement of Indigenous students by providing them assignment assistance, homework assistance and group activities for indigenous students to promote their culture within the community.

The attendance indigenous students in 2012 showed a decline when compared to previous years and the gap between indigenous and non-indigenous attendance is a concern that will be a focus of 2013.

Indigenous Yr 3 student data is withheld due to the small number of students in all cohorts.
